

# Table of Contents

**Introduction: The four big secrets of chronic pain**

**PART I: Body (Because duh, that's where everybody starts.)**

Chapter 1: Change what goes in your body  
Chapter 2: Change what goes on your body  
Chapter 3: Change how you use your body

**PART II: Mind (Because your pain is *not* all in your head... but it's messing with it.)**

Chapter 4: Shift your thinking  
Chapter 5: Find ways to recharge  
Chapter 6: Get help (if you need it)  
Chapter 7: Research your pain

**PART III: Support Network (Because doing everything by yourself sucks.)**

Chapter 8: Build your conventional provider network  
Chapter 9: Build your complementary provider network  
Chapter 10: Build your network of family and friends  
Chapter 11: Stay connected to your spouse/partner

**PART IV: Lifestyle (Because little changes can add up to big results.)**

Chapter 12: Manage your pain at home  
Chapter 13: Manage your pain at work  
Chapter 14: Manage your pain while traveling

**PART V: Acceptance (Because you're more powerful than you think.)**

Chapter 15: Accept your new reality  
Chapter 16: Accept that you're a new person  
Chapter 17: Accept the good, let go of the rest  
Conclusion

**PART VI: Your recovery plan toolkit (Because you're probably thinking, "So now what?")**

Step 1: Evaluate  
Step 2: Prepare  
Step 3: Measure  
Step 4: Choose  
Step 5: Plan  
Step 6: Start  
Step 7: Reward
